FW: What do they do with them

IN: They just take them up on the roof and then you know just like make them fly around, round the roof and then they use to take kind of, to catch them they would take ah, you know those um sugar pops they would put them there and they would come in there so they would catch them instead of going after them you could hurt it

FW: <unintelligible text>

IN: (Well, I don't know, I never knew how they made them fly)

FW: <unintelligible text>

IN: No.

FW: <unintelligible text>

IN: Yeah, Scelcies you got to get it in into see you we have 13 boxes you know and then you start it off at the starting line then you go with number 1 then if you get in number one

## Library of Congress

you go to number 2 then so on and so on till you get number till i have to get number 13 if you get in one of a empty spaces well you're stuck the

FW: <unintelligible text>

IN: Yeah, we all, all different kinds of tag, we have round up tag, freeze tag and just regular tag

FW: <unintelligible text>

IN: Well, see you touch a person and that person has to help you and get the rest of them and everybody you touch has to help you and you know catch the other ones

FW: <unintelligible text> to be it

IN: Well, you know like enie-meenie-minnie-moo catch a Nigger or we choose 5 fingers.

FW: <unintelligible text>

IN: Well, Well see if you throw two 2's it's a ( ) you know for the other person if you throw 1 & a 2 that's an odd and 2 one's is a even....and then well, everybody goes, you know down there finger is in and everybody is you know throws there there choose and then if one person has an odd number well, he's it and that's it but if then you know if everybody start shooting the same thing we have to divided into little groups, choose it up

FW: <unintelligible text>

IN: Well, not too much i just like the San Diego Padre cause I like the name

FW: <unintelligible text>

IN: Only when I'm watching 'em with friend of mine but not usually, we dont do that

FW: <unintelligible text>

IN: Greenbay

FW: <unintelligible text>

IN: Oh, I have a lot of them, I have Star Track, um, um I forgot the name of it but its about a confederate solder and a and this you know and a Yeah, theoutcast and Wild Wild West I like and I like Hawaii 5-0 and Dragnet

IN: Oh, there all good cause I like Spark you know he was you know, he like makes everybody else look dumb with his complicated words and you know he always finds an answer to the, to the problem and its in the future you know like anything about space

FW: <unintelligible text>

IN: Yeah, when Spark had to I dont know, rehabilitate himself something I dont know, he had to go back to his own planet and if he didn't go in a couple of hours he would die so then um when he went back to his home planet, you know he had, he had to fight so over for his wife they hadn't seen him I dont know, a century or so, so then um the wife you know, you know had to pick somebody to fight for her instead of the man she fell in love on the planet she picked his captain, you know there a Commander, I forgot his name again....Yeah, Jim so then they both had to fight you know and then ah you know Bones the doctor, he gave um a shot, you know then suspended animation like that, and make believe that it look like Jim was you know dead and then Spark then you know didn't want didn't want his wife back and then he want and he told Bones I place myself under arrest, that was good

FW: <unintelligible text>

IN: All about when um, um you know the they had, they both you know had a prisioner to take to you know there, it was \$300.00 dollar, \$200.00 dollars for the prisioner on his head so then they, they ran into this railroad you know un, like kind of a camp and then, they, they wanted a person to carry Nitro you know to another camp where minders, miners had you know caved in so then um they the the prisioner volunteed without even having a right to so then when the outcast went to him and told you cant do it all the, all the campers you

IN: so then they were on there way and all that and the prisoner tried a couple of times to escape you know then, well one, the wheel came off of the wagon so they rested down and then all of a sudden they see um like a little boy walking through the dessert and then the Neg, the White the white man you know Confederate, he goes over to the boy and gives him some water and carries him to the wagon so then he tells him where you're going and he says to, you know to the cave, to the camp to get my my father out so they go on off with him and the wagon breaks down, next thing you know they <unintelligible text> hit by horse then after the horse runs away they're <unintelligible text> by hand and when they get to the camp the mines already out the prisoner takes a little bottle of you know of you know the bottle of liquor and he you know it, looks like water filled in because he tried before and it was just water but then this time he really put Nitro in it the Outcast didn't know about it you know so then he threw the bottle at the White the Confederate Soilder and he said he <unintelligible text> did it again then they threw the bottle back and exploded in the ground and that was you know, that was the end of it.....Yeah

FW: <unintelligible text>

IN: Let me see if I can remember I just remember one about once when they had to um, um well you know the other is a not, not nota not the, I dont know his name but the other the White man the, well this ah, theres two men, there's two men, they both both secret agents right and then one of them had, is marvelous, you know terriffic is disguising himself as anything he pleases, a woman, a man anything so then he disguised himself as um, ah, ah, ah ah Pirate or a soilder so then they had catch his friend and they put him

IN: Where in the movies or on TV

FW: <unintelligible text>

IN: The last one I saw and the best one was "King Cong Escapes".....Well, see the I think the Japanese you know they they get they get um they get, I dont know how they get the money but they get the money to build this big Robot that looks like King Cong you know so then they're tryin' to get to someplace in the Core of the Artic Circle some presious Uranium that's down there and they'd trying to get through there with the Monster, but the Monster you know it <unintelligible text> out on them, like this when they go and bring them back then they want the then they want the real Cong, they they capture him you know, so then they put these little things in his ear so then that he could obey so then he went through the tunnel and he went down and started crashing like this then when the he saw the Uranium glowing and all that, it bothered his eyes and he went like this and then he felt the things and then he threw 'em down like this and then he went, he went, he went back, started running and he you know he, he um, he wanted to get free and there was this big thig and then They would hypnotize him with some kind of big diamond and he would just like turn and he would doze off like that but you know tho, the (doze that he
